10th

Asia Pacific Chapter Meeting of the International Society for Peritoneal Dialysis

22-24 September 2023

Venue: Pullman Hotel Aerocity, New Delhi

“PD for
Masses”

ANNOUNCEMENT BROCHURE

Welcome Message Patron - Organizing Committee

It gives me a great pleasure to invite national and international delegates to the 10th APCM-ISPD hosted by PDSI and organized by Department of Nephrology, Sir Ganga Ram Hospital, New Delhi from September 22-24, 2023.

The organizing committee will provide modern ambience for delivery of informative and meaningful scientific program. The theme of the conference is "Peritoneal Dialysis for Masses". There are number of topics relevant to clinical practice and research on peritoneal dialysis. Notably, there are dedicated sessions on the nursing aspects of peritoneal dialysis.

India having very rich history, where people having different religions, cultures, beliefs live with peace and harmony. You will enjoy our traditional warm hospitality and also glimpses of rich and diverse culture.

There is lot to see in Delhi itself and the most favourite tourist destinations, the Taj Mahal one of the Seven Wonders of the World and the historic pink city of Jaipur are very close to Delhi.

The organizing Committee is committed to make your stay comfortable and memorable.

Dr D S Rana

Patron - Organizing Committee
10th APCM-ISPD

Dr. K.S. Nayak
Organising Chairman

Welcome message

D. A.K. Bhalla
Organising Secretary

Dear Friends,

Greetings!!

It gives us a great honour privilege and pleasure to extend a warm and cordial invitation for Asia Pacific Chapter Meeting of the International Society for Peritoneal Dialysis being held from 22nd - 24th September 2023 in New Delhi.

Peritoneal dialysis remains an important modality of treatment of patients with CKD and is backbone of any dialysis programme. The government of India has initiated a National Dialysis Programme in 2016 with the objectives to provide free of cost dialysis services to all patients 'Below poverty line' at district hospitals of the country. Peritoneal dialysis has an advantage of being delivered right at primary health centre as no separate infrastructure is required and our mission is to train the health care providers at PHC levels.

Theme of this conference is **Peritoneal Dialysis for Masses**. Our endeavour will be to provide learning for basic and clinical aspects of Peritoneal Dialysis, its initiation and further management for the new entrants in the speciality, general physicians, nurses and P.D. Co-coordinators.

A galaxy of speakers International and national with vast experience will exchange views, knowledge available at present and further directions in Peritoneal Dialysis.

The conference city - New Delhi being capital of India offers World Class Commercial hub, Cultural and entertainment centres and shopping complexes. It has the Asia's longest runway which is geared up to handle 1400 flights a day with passenger load upto 40 million in a year. It is well connected by network of roads and national highways with all major cities in India. Besides a home to three world Heritage monuments - Qutab Minar, Red Fort and Huayun's Tomb, places must visiting are Jantar Mantar, India Gate, Akshardham and Lotus Temple.

We look forward to your kind presence and active participation.

With Warm Regards.

Welcome message President - ISPD

Welcome to the 10th Asia Pacific Chapter International Society for Peritoneal Dialysis meeting. Attending this meeting will increase knowledge about peritoneal dialysis and also provide opportunities to network with PD specialists from across the region. Having the meeting in India will increase awareness about the benefits of peritoneal dialysis and should therefore enable more patients to benefit from having their dialysis at home - and therefore fulfil the goals of ISPD. These are to increase global uptake, promote quality practice and achieve optimal outcomes of peritoneal dialysis.

Professor Edwina Brown

President, International Society for Peritoneal Dialysis

Welcome message President - PDSI

It gives me a great pleasure to announce that the Asian Chapter of International Society for Peritoneal Dialysis is scheduled on 22nd - 24th September 2023 at New Delhi, India. Indeed it will be a great opportunity for renal physicians of the Asian Continent to have closer networking with PD experts from all over the world and learn about advances in the field of Peritoneal Dialysis. This meeting will spread awareness about the utility of PD among the patients of Chronic Kidney Disease since this modality can be made available to people even in remote area which are inaccessible for haemodialysis.

Having this international meeting in India will also will help in further penetration of peritoneal dialysis and make it more acceptable form of maintenance dialysis.

On behalf of the Peritoneal Dialysis Society of India, I welcome you to this meeting and hope you all will contribute your bit for promotion of Peritoneal Dialysis in the region.

Prof. K.L. Gupta

President, Peritoneal Dialysis Society of India

Welcome message Coordinator - ISPD

Welcome All !

We have the greatest pleasure extending our invitation to the International Society for Peritoneal Dialysis Asia Pacific Chapter (ISPD APC) 2023 meeting, hosted by the Peritoneal Dialysis Society of India and organized by the Department of Nephrology, Sir Gangaram Hospital, New Delhi under the auspice of ISPD APC, on 22nd to 24th September 2023.

The meeting aims to deliver an exciting and all-rounded scientific program encompassing various topics relevant to the clinical practice and research on peritoneal dialysis. Notably, there are dedicated sessions on the nursing aspects of peritoneal dialysis which we believe would have a wide audience and can advance the daily care of PD patients.

The conference abstract submission gateway will be opened and the conference registration will be ready in early 2023. On behalf of the International Society for Peritoneal Dialysis Asia Pacific Chapter, I look forward to seeing you in ISPD APC meeting 2023 at New Delhi.

Warmest regards,

CC Szeto

Co-ordinator, International Society for Peritoneal Dialysis
